Our Mission is to find homes for surrendered and abandoned pugs in the six New England states. We are committed to each and every pug that comes into our foster care for the rest of its life. The veterinary and care costs each year far exceed the fees collected solely from successful adoptions. We are supported by donations and fundraisers like the P R o N E 5K. We hope that you will consider becoming a partner in our efforts.

As a sponsor your company or organization will gain great exposure through all of the media campaigns, promotional materials and the vast audience attending and participating in the event.

We have a variety of sponsor levels for you to consider. All are outlined in the attached sponsorship form. You can choose how you would like to participate in our event and at the same time help our great cause.
